# Jackal Coin Report

## Executive Summary

Jackal Coin is proud to announce the successful deployment of both its testnet and mainnet environments, a major milestone in our roadmap. This report outlines the technical foundations, launch procedures, and next steps for the Jackal Coin ecosystem.

## Key Highlights

- Mainnet successfully launched on May 17, 2025
- Testnet live with active developer participation
- Smart contract deployed and verified
- Audit process finalized with clean results
- Node documentation published for validators

## Technical Details

Smart Contract: 0x0509e161FDaF6Ad976E15992B615f4D3453540d1

Network: Binance Smart Chain (BSC)

Deployment Block: #49852370

Verified Source Code: View on BscScan
